RE: Laura Temin

To Whom It May Concern:

We have known and worked with Ms. Laura B Temin since 2005 as part of our work with the Sleep Disorders Center, working primarily with the insomnia patients. She has used hypnotherapy as an adjunct to more conventional non-drug behavioral therapies for insomnia, with excellent results. Her fund of knowledge in this area is extensive. Her demeanor and professionalism have always been wonderful. It has always been a pleasure and a privilege for us to work with her.

We are excited and wholly supportive of the Professional Hypnosis Institute—we have so many patients who would benefit from a non-drug approach to clinical issues, and clearly perceive a need for more providers of this service.

Sincerely,

Hitendra Patel, MD
